# II. Occult Involvement

- Satanic worship, & all kinds of worship against the real worship mentioned in Bible
- Witchcraft, sorcery, divination, astrology, Vastu, numerology, Netra Jyothisha, & all its varieties, horoscope, palmistry, Yoga, Pranic healing, Rekhi, and all that has originated from and have its roots in Guruism & idol worship in India, all kinds of superstitions
- Reading books about curious arts, witchcraft, and other "magic" interests - very dangerous. Objects in a person's possession - give permission for spirits to torment.
- Curious visits to fortune tellers, astrological forecasters & fortune tellers, psychic hotlines etc. often prove to be doorways for demons.

# Occult Involvement

- Music is a huge advantage for the enemy today, especially the "heavy metal" hard rock music that glorifies Satan and his works...suicide and death are preoccupation of the lyrics and often the album covers
- Freemasonry, Eastern star, Oddfellows, Rebekah Lodge, most fraternity and sorority pledges and such organizations fall in the category of "Bloodless" "Christless" religion and it's power must be broken

# III. Unconfessed Sin

- Without doubt "unforgiveness" is
- likely the biggest doorway to give ground to the enemy.
  
- Matt 18:23-35, Jesus said it is God's permission for demons to torment believers.

# Unconfessed sin

- The confusion does not lie with the fact that "unforgiveness" is permission for demons to torment believers, but with the fact that they likely do not leave when unforgiveness is repented of and forgiveness is released.
- That is where the demon has gained much advantage. They leave when they are commanded to leave not when a person begins to pray and repent...though often, they might.

# Unconfessed sin

- Anger is in the same category.
- Anger that lingers "gives place to the devil" (Eph 4:26)
- You can be sure if you have carried anger for a period of time, you have opened the door and given place to the devils. The same is true here, when anger is repented of the demons who were invited by that permission do not necessarily leave. Most often they do not. You have to command.
- Any unconfessed sin could be a doorway for demons to invade and occupy a believer. (Not possess, of course, oppress!)

# IV. Abuse

- This could certainly be a sub-category of trauma

because most of abuse is traumatic. You doubt, find demons have taken up residence through abuses.

This entryway usually has it's beginning with **childhood**:

- A. Sexual, physical or verbal abuses = avenues for demonic entry.
- Demons do not miss this opportunity.
- Abuse the child suffers invites a particular demon that manifests throughout life.

## IV. Abuses

- Generally sexual abuse brings a sexual demon and it can do its destructive work by causing sexual repression, oppression or promiscuity.
- The incubus spirit or the succubus spirit often gain access to a life through childhood sexual abuse. Guilt and shame spirits virtually always accompany this abuse.

# IV. Abuses

- B. Physical abuses, like the sexual abuse, attract the "fear" spirit and it begins its torment at an early age.
- Also this abuse can bring a spirit of violence and hatred, bitterness, revenge and unforgiveness and many times results in criminal activity spirits.
- The opposite is also true, sometimes the spirits that come are rejection, poor self-esteem, unworthiness, self-hatred and other similar spirits. Spirits of hurt and pain.

## IV. Verbal Abuse – spoken curses

- **C. Verbal abuse is not less damaging in opening doorways for the demonic. This falls in the category of spoken curses.**
- **If only a parent knew and understood the damage done by words and attitudes.**

# IV. Verbal abuses

- Fear spirits show up here with
- condemnation,
- rejection,
- self-hatred,
- lack of ambition,
- sometimes eating disorder spirits find this doorway to do their destruction.
- Many times these spirits are uncovered. Spirits of hopelessness, worthlessness, self-blame, and scores of others that description from words spoken

# Verbal abuses

- **"Your no good"**
- **"You'll never amount to anything"**
- **"Why are you so stupid?"**
- **"I don't know why we ever had you."**
- **"You're a coward"**
- **"Why can't you be like your brother."**
- **"Your daddy didn't want you anyway."**
  
- **And these words don't have to come from a parent...they can also open doorways when spoken by teachers, relatives, classmates etc. When a person "receives" the words of condemnation, when he believes the lie, the demon is empowered.**

# Verbal abuses - Adult/spousal abuse

Adult/spousal abuse is no less a danger: Many marriages are destroyed by the demon who is either already present or comes through abusive actions or words. Criticism is abuse! Abuse of any kind can be a doorway to the one receiving the abuse.

# V. Immorality

- You can build your own list here. It can be far ranging. It would certainly include:
  - A. Sexual impurity - adultery, premarital sex, prostitution, pornography, homosexuality, lesbianism, perversion etc.
  - B. Alcohol and drug abuse - this could include prescription or "over the counter drugs."
  - C. Criminal activity.
  - D. Others.

## VI. Trauma

- "A disordered psychic or behavioral state resulting from or caused by mental or emotional stress or physical injury..." In terms of doorways for demons it can be any state that produces fear and uncertainty.
- Some of the obvious situations encountered include, but not in any particular order:
  - A. Surgery: Generally, it is when there is need for anesthesia. May be when it is being "blanked" that opens a door.
  - B. Movies/TV Programs: Horror movies are definite doorways to spirits of fear.

# Trauma

- **C. Any Frightening Experience: While nightmares are caused by demons, they can also be the source to open a doorway.**
- **D. Sudden Loss: The sudden loss of a loved one or a financial disaster...any event that brings fear and trauma can be an invitation for the ungodly creatures. They seldom miss an opportunity.**

## VII. Death of Someone Close

**This is a consideration that is often over looked**

**but may be a very real possibility.**

**Whenever a person dies, if that individual had demons, the demons no longer have a home.**

**There work in that particular life is done and they must now find a new home. Generally they prefer to stay in a family or in a familiar individual.**

## VII. Death of Someone Close

- 
- This is a consideration that is often overlooked but may be a very real possibility. Whenever a person dies, if that individual had demons, the demons no longer have a home. There work in that particular life
- is done and they must now find a new home. Generally they prefer to stay in a family or in a familiar individual.

■

# Death of someone close

- A young man started having fears of losing his mind, tormenting fear that he would go crazy and he was only 17-years old. His mentally unstable aunt who was his favorite has died and only days afterwards he began to receive the same torment she had known. He has recently been delivered of that torment.

- **Now, this is by no means a complete exhaustive list. In each of these divisions there are numerous doorways.**

# Practical

- Write the 5 signs of curses in your individual / family life
- Write the root cause of these curses
- Forgive those who are responsible for these curses
- Bless them in the name of Jesus
- Command the spirit of curses to leave.
- Let us ask pardon for the denominational divisions of Church in India- Let us chase the divisive spirits which has caused split, enmity, hatred, betrayal, competitive spirits, jealousy etc. Let us ask pardon for them
